NEW AND

Important Discovery

GRAY HAIR can be restored to its original color with the Auburn Brown Black Sandy Light or Red Hair can be changed to any darker shade, producing a beautiful and the most natural looks, without the least injury to the hair of the original hair, by using O. M. Ballard's

Permanent Liquid Hair Dye,

This preparation will not only differ from other preparations in this way before the public. It is *free from all poisonous properties which exist in* other dyes, and keeps the hair in a healthy condition while the Dye, which will not stain the skin or cloth, is the slightest degree, which is the best evidence that can be given that it is perfectly harmless. It will promote the growth of new hair, stop it from coming out, and if used according to directions will not crock, fade, wash out

In short it unites in itself delicacy, softness, and exemplification in one, the attention of all who may wish to improve the color of the Hair, as it will not only shade from a white to a jet black. It is now used by one or more persons in every city, by persons who have used other dyes, and found them injurious to the hair, and will give a beautiful color which they restore or restore for a beautiful Auburn Brown or Black without a wash and preparation. The Graefenberg Company,

OF NEW YORK,

HAVING established a *Branch* at No 154 Washington street Boston as appointed Mr Edwin C Barnes, Secretary thereof, now offers to the people of New England their celebrated *series of MEDICINES* in the fullest confidence that after a fair trial they will be found superior to and will rapidly supersede all others now in use.

The Company would first call attention to

The Graefenberg Vegetable Pills, for the prevention and cure of the ordinary diseases which afflict humanity (especially bilious) these Pills are infinitely superior to any the world has ever before seen. No language *can* describe their virtues. They are as different from all others before the public as light is from darkness. Every family in New England should try them. Price 25c a box with all directions.

The Graefenberg Sarsaparilla Compound, in which the virtues of the noble and health giving Sarsaparilla are highly concentrated, it is warranted to make two quarts superior to any other manufactured, and is the most powerful agent in the world to cleanse and purify the system. Price one dollar per bottle.

The Graefenberg, Children's Panacea, a medicine expressly adapted to the various diseases of children and youth, and the only one of the kind ever before offered to the public. It is composed of vegetables only, and may be used with perfect safety by infants. Price fifty cents per bottle.

The Graefenberg Health Bitters, a preventive of Bilious and other diseases and a restorer of the strength, the appetite and a healthy complexion. Price 25 cents a package.

The Green Mountain Vegetable Ointment is prepared from an old Indian recipe, and cures with great rapidity bruises or fresh cut wounds, burns, Scalds etc. In war cases are too well known to need a more lengthy notice. Price 25 and fifty cents a box.

The Graefenberg Eye Lotion, an article which supplies a want long felt in this part of the country. It is an unfailing remedy for violent inflammation weakness or foreign substances in the eyes, and for dimness and failing of the sight. It is compounded on the most scientific principles and has performed extraordinary cures. Price 25 cts per bottle.

The Graefenberg Gazette, published by the Company for gratuitous distribution, may be had on application to any one of their numerous Agents.

☞ These Medicines are for sale by their Agents generally throughout New England. Applications for Agencies to be addressed to

FITS! FITS!!

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy Paralysis, General Debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever afflict the human race,

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c. Dr Hart would impress it upon the minds of the afflicted that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. All its tendency is to remunify, redness and decay, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, until this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time and experience, the best criterion of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of this truly valuable medicine to their patients, change, and friends, who are thus afflicted as the only remedy.

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness." Another says, "I thank God I feel that I am well man. I also feel it my duty to proclaim it to the relief of the earth, that those similarly afflicted may find relief. Another (white man

EMINENT LAWYER,

and well known in the city of Jersey) says his son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract. His family was in school and ought to be sounded to the ends of the earth." In short, Language is entirely inadequate to express the gratitude to Dr Hart for having been the means under the blessing of God, of restoring to good health after having been afflicted with Epilepsy in its worst forms for more than twenty five years, and my informant is very young person and had a keeper, she continues to say that God who has afflicted her to make me whole."

Mrs J Bradley 115 Orchard street New York, states that she has been subject to fits for many years, and has found it impossible to be had (as every other person had to help) but the use of Dr Hart's Extract.

Dr Lewis A Brown of Dover, Russell co Alabama, writes one of the best Physicians in the State, says, frankly has been much benefited by the use of the Vegetable Extract and that he finds he is strangely prostrated in every case of Epilepsy which comes under his knowledge.

Capt S Mayberry Esq formerly Postmaster at Lime Mills, Crawford Co Pa, now living in Erie Co Pa states that for many years past he has been severely afflicted with Epileptic fits for many years that he was able, (to the) age at his business. Having used Dr Hart's Vegetable Extract for [illegible] he was soon restored to perfect health and is able to do his business.

Rev Mr Small, Rector of St. Peter's Church, Spotswood, New Jersey who has been afflicted with Epileptic fits for more than forty years, states that he has used Dr Hart's Vegetable Extract and his health has been so much improved that he hopes by Divine Blessing to have no more Fits.

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm S Corr Esq of Philadelphia, afflicted with Epileptic Fits twenty seven years and six months. After travelling through England, Scotland Germany, and France, consulting the most eminent physicians and expending for medicine medical treatment and advice three thousand dollars returned with his son to this country in November last, without receiving any benefit whatever and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed the big pills cause and the most that I received was the thought that I had been made a wise Scotsman, and

POSITIVELY INCURABLE

According I left England travelled through Scotland, Germany and France and returned home in the month of November, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers and concluded to try Hart's Vegetable Extract using your statements and certificates as my guide. Some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract a fine boy is restored to

PERFECT HEALTH

The reason why I was so long in coming to a conclusion was entirely restored with the prospect now before him of life, health and prosperity. He is now 20 years of age and 27 months of this time he has been afflicted with the most painful of diseases, but thank God is now enjoying good health.

Now sir, faith without works I don't believe in—for my I shall be ever grateful to you in one thing, and as I have enclosed you one hundred dollars I have no doubt you will think this another and quite a different thing. The debt of gratitude I still owe you but please accept this amount as interest on the debt in advance. Yours, very respectfully,

WILLIAM SECORE.

and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH

KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional Skill OF EMINENCE stone being set it may seem, that he actually CURED a case of **Consumption** with Kelley & Cos Sarsaparilla, and says that there is no medicine in which he has so much confidence **for Diseases of the Lungs.**" Some will marvel at this! Its MARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England "that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury. What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails. The

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is not as the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting, Appetite gone Pulse weak or Feverish Skin Yellow Nerves deranged. It restores Health, Strength and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine posse ses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does not tamper with the patient or prolong his sufferings. But at first attacks the disease and stop it, then removes it, then brings up the flesh and strength on a purely pure Blood so that the cure is always thorough and permanent. Other only scatter or back the disease—but this ERADICATES it which from the system—thus saves the patient while others endanger it. The whole Body is made so healthy by the use of this GIANT REMEDY, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority. Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the DEADLY EVIL has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease Affection or Pain which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirit—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

The American Air-Tight Cooking Stove.

If this is not the best Stove in use why so many attempts to infringe upon it? The suit was brought to sustain the Patent and to stop the infringements, and after a most thorough, legal investigation these rights were promptly decided, fully sustaining this Patent.

More than Ten Thousand of these Stoves are now in use. The testimony of this multitude, the past year establishes the fact beyond a doubt that there are more good and useful qualities combined in this Stove than ever was or probably ever will be found in any other Stove. The fire brick oven top is of great value in regulating the heat around the oven absorbing the steam etc using the bread &c to rise and bake light and quick—and giving bread, puddings &c that delicate of the house brick oven. The kettle or roasting in front, is complete. The summer arrangement for heating fry ing boiling, heating of irons &c is admirable. The great economy of fuel substantial construction and general good quality of this Stove is the cause of its universal admiration.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analogous complaints, is DR DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practised in the principal towns in the Union during the last 10 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that had resisted the regular course of treatment adopted by our first physicians for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate instead of dragging the miseries with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at this present time.

If in case the Paste should fail to effect a cure in the shortest possible time, in a times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS at his Office No 5a Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

PATENTS,

AMERICAN AND FOREIGN OFFICE,

And Agency of the U S Patent Office, Washington,

22 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for receiving and forwarding to the same models, specimens or manufactures to be patented, or deposited therein, which will be sent *free of expense and risk* and with despatch. He will prepare Caveats Specifications, Assignments, and all the necessary Papers and Drawings for Patents will make researches into American and Foreign works to test the validity of inventions, and render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them, *matters, as generally of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* year's practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in others respects might be difficult of attainment.

Incidents of the Election.

There is one incident of an excited election which the editorial fraternity, especially of the gaining and joyful side, cannot but feel, and that is, in addition to their own interest in the result they become, for a time at least, the focus of the excitement of their political friends, heaps on heaps, which with the various necessary labor of arranging returns, totally unfits them for writing. Of course then for a short time until the result is known we cannot expect to attend to much else than election matters.

On Monday evening previous to the election the Whigs in this city had not intended to have a public meeting, but such was the rush at their head quarters that it was found necessary to assemble in the City Hall and the room was filled at once. Several good speeches were made, songs sung and the greatest enthusiasm was manifested. This for an impromptu meeting was the greatest ever known in this city.

On Tuesday evening, after so good a day's work the Whigs assembled at the City Hall, which was illuminated and waiting the returns from the neighboring towns, enjoyed themselves by singing songs, and as the returns from town after town were read, cheering the Whig gains. Hermon came in for a good share, for the splendid gain she gave to the grand old hero Zachary Taylor.

Some of the Van Buren people came in and joined in some of the grand choruses of the songs, while others, very quiet men and examples of moderation, thought it quite unbecoming for the young Whigs to sing songs or to manifest joy at the result of their labors in Bangor.

Well, it is difficult suiting all, and perhaps the Whigs ought to clothe themselves in sackcloth and ashes just to please other people; but perhaps, after all, it is not so very bad for them to manifest their joy by singing or cheering at their public meetings in prudent and pleasant congratulation.

Gov. Kent made a fine speech at the Tuesday evening meeting, congratulating the lay and other men of Bangor, which he stated were not all Whigs, at the result of their labors—Whatever might be the final result in Maine, and he had not supposed it could be carried for Taylor, the result in Bangor would justify the exercise of pleasant emotions and prudent joyful demonstrations, especially when taken in connection with the anticipated result of the election of Zachary Taylor to the presidency by the votes of this great and free people.

From Yucatan.

NEW YORK, Nov 7, 5 P M

Accounts have been received at New Orleans from Yucatan, stating that the whites have been successful in most engagements with the Indians. The Indians had attempted to carry several towns, but were foiled, they are exceedingly numerous, however, and not discouraged by these repulses.

Shipwrecks.

The schooner Don Nicholas, from Baltimore for Gardiner, Me., with a cargo of flour and corn, went ashore on Fire Island on Sunday morning.

Ship Michigan, of Portland, from Glasgow, was wrecked about Sept 29th (where not stated) Capt Nason, and wife and several of the crew were lost.

Fatal Accident.

A fatal accident happened in Carmel on Thursday of last week. A young man, from 18 to 20 years of age with two other men were at work in the mill of William Reed of Carmel cutting up shingle stuff with a circular saw and by some means the log was thrown against the saw in such a manner as to break it into four pieces, throwing the arbor and the part of the saw attached to it out of gear, the part of the saw striking Davis on the top of the head, cutting down between the eyes and nose severing both upper and lower jaws and by the blood and particles of his brains on the saw the wound must have been some seven inches in depth. He fell dead without a struggle.

☞ The Copperhead in his collection did not lust the hat from his head on a bet with a lady for rum, on the vote of a former Democrat—The winner took the hat and put it on his head saying he would take the horn if not the gentlemen out of the office.

A meeting is advertised in New York, at which a gentleman from Jamaica will deliver an address, and speak upon the probability of the annexation of the Island to the United States.

An Appalling Occurrence—The Murderers—The supposed Murderer Arrested.

Philadelphia has been shocked by a most appalling outrage. On Friday night, last, during the progress of the Jackson Torchlight Procession, a young man named Alfred Coleman, was brutally murdered. It will be seen according to the verdict of the Coroner's Jury, that "the blow was given by some person or persons unknown, from the banks of the Democratic Procession."

The Club called the "Killers" is charged with the deep atrocity—whether truth or not, time, it is said, will reveal. The awful deed has produced the deepest sensation through all the whole community. The young man and his father, as we understand, were formerly Democratic, but have recently ranked themselves among the friends of Gen Taylor.

It seems that young Coleman was with one or two companions, standing in the neighborhood of Twelfth and Coates streets. The Procession came on shouting for Cass and Butler, when the youth, who was not yet of age, raised a cry for Taylor and Fillmore. This was done rather jocosely than in any spirit of defiance—Instantly a rush was made from the Procession, and the women and children who lined the side walks, were compelled to fly for their lives—Clubs and bludgeons were employed with the utmost freedom, and poor Coleman was felled to the earth with a murderous blow, which speedily caused his death. It is also stated that several pistols shots were fired, by which two or three other persons were wounded.

The whole town was alive with the horrible subject on Saturday. The victim was a most estimable person, and resided within a few squares of the murder.

This is the first life that has been lost, since the commencement of the political campaign—We pray heaven that it may be the last. Sincerely do we condole with the relatives of the deceased. The authors of the bloody work will, we trust, be ferreted out and brought to punishment.

The offender, it is believed, is known, and it was reported last evening that he had been arrested by one of the police officers.—Phil Ing.

The resolution of the Legislature of Vermont, directing a sword of honor to be made and presented to the family of the gallant and lamented Colonel Ransom, was carried into effect on the evening of the 30th ult, at Montpelier, by committing it to the charge of his son Dunbar S Ransom who received it with a grateful expression of thanks. The ceremony took place in the presence of Governor Coolidge and the first of the State officers. Young Ransom is one of the West Point Cadets, and in that great school we will learn to appreciate the gift of the State.

The brig Surge, of Bath, went ashore on Scituate Rocks near the lighthouse, Sunday morning. It was thought she would bilge at night. She was loaded with coal.

Faith and Firmness.

A Tale of Truth

BY ANDREW DUNCAN

"You may be anything or do anything, that you please," said the doctor,—"anything that does not imply a physical or moral impossibility. All that you need is faith and firmness of purpose. What, thank you, did the man of Nazareth mean, when, he said to his disciples, 'If ye have faith like a grain of mustard seed, ye shall say unto this mountain—Remove hence to yonder place, and nothing shall be impossible unto you?'

"I don't know, said Robert Hodson. "I am not much of a theologian, and there appears to be something dark about that saying.

"Do you then suppose that man can remove mountains?"

"No doubt of it figurative y speaking, for it is figurative language.

"How do you know that?"

"Because Christ never spoke of doing any thing literally, that could answer no good end—never performed a miracle, but for some wise and merciful purpose. Literally, the text cannot be understood, but, figuratively, it conveys a sublime lesson—a lesson in every day accident upon, and whether perceived or not, it has been the means of making many a great man, and of doing many wonderful things.

"In short the lesson taught in that one text has been advanced from big to age. Faith in a true principle, with manly perseverance, overcoming every obstacle whether that principle be of a physical or moral character, scientific or religious. Had Fulton possessed no more faith in the power of steam than did the world around him, how long before rivers, lakes and ocean's wave would have been traversed.

Without sail or oar, 'gainst winds and tides?'

That which would have been absolutely impossible without faith, by faith, resting on truth has been truer plainly successful. When a railroad was first projected, the faithless were ready with their favorite "impossible!" The deep ravine and the mighty mountain barrier were in the way—but faith said, "the mountain barrier must be broken through—the valley must be exalted, the rough places made smooth, and the crooked places straight, and it was done. Next came the iron Horse, saying he could send a message a thousand miles, and receive an answer in five minutes. He was considered a "common mad," but the man had discovered a great truth, and the miracle of the world could not shake his faith. Difficulties were in the way, but, sustained by a sublime confidence, he met and conquered all. Not only have mountains been removed, and valleys exalted, but time and space are all but annihilated. Such have been the triumphs of faith resting upon true principle. But the many faith bold and ignorant, who now talk about impossibilities. These gigantic proofs of the power and efficacy of faith are not seeking—they only appear monstrous on account of their magnitude and the mighty results that have followed every such progress made by the most obscure individuals, in consequence of the same principle—I am acquainted with many men, who ten years ago could not command the services of their own living, in name and, and in the whole years no barely knew the first letter in the book now holding high places in the literary world.

"But, said Hudson, 'what do you make of the contrary? Unbelief comes not out but by prayer and fasting.'

"It equally plain, replied the Doctor, 'and in cases that extraordinary difficulties can only be overcome by extraordinary efforts, including mental labor and physical privation.

"You may be right said Hudson, 'I know that faith and perseverance are necessary, in order to accomplish anything, but time is also necessary,—and I am now too old,—it is now too late.'

"Better late than never, sir. True, you have spent half the promised term of life, in folly and madness, chasing shadows and dreams of nothings.

"But your age, set far from being an excuse, is a strong reason why you should double your diligence if your object is right. If your desires are merely after the riches of the present world, about which the times are becoming every day more and more inane—I say insane, for if anything stamps a man a fool, in the brow of humanity it is the untiring devotion of soul, body and spirit to those things that perish beneath their hands, and which at best they can only look upon, and then leave forever—if your ambition has no higher object than dollars and cents, I have no advice to give.

"You must go to the muck-worm, to the miser in his den of folly and misery, or to the fool that spends his strength for nought. But should you feel within desires of a higher order—the indwelling of a nobler nature—a craving after mental wealth and moral riches—then I say no time nor circumstance ought to deter you. Every onward step secures an unending good, a thing that cannot be lost, and your spirit ready to pass from its house of clay, I would still say, struggle to gain yet another idea, in advance of the store already acquired. Still achieving, still pursuing, is the true motto for man. Let me tell you a story—

"When I was a lad of some fourteen or fifteen years of age, there lived about a half a mile from my father's a man by the name of Sanders. He was a poor man, very poor—had been so all his life. At the age of eighteen he could neither read nor write, and think I have heard it said that there was not a book of any description in his father's house. Sanders was remarkable for nothing but his ignorance and personal appearance—large boned, and over six feet high; but it could hardly be said that his bones were clothed with flesh, he was something of a Calvin Edson with a head that appeared disproportionally large.

"He was looked upon as a very unsocial boor, from the fact that he seldom mingled in the sport of young men of his own age. He seemed to love and seek retirement. Between the age of eighteen and twenty, he had, by himself, without a particle of assistance, learned to read well and write some. An event that happened about this time, proved that Sanders was not so very unsocial in his nature as was generally supposed.

"This was nothing less than his union in marriage to a young woman equally poor and homely as himself. The good neighbors began to prophesy that the county would soon have some children to maintain, not that Sanders was an idler, or intemperate, but the business to which he had been brought up was overdone, and the very best workmen could earn but a bare subsistence. However, there was no law to prevent poor young men from getting married, the neighbors must therefore content themselves by hoping that Sanders children might be few and far between. In this matter they were sorely disappointed. Mrs Sanders proved to be a very fruitful vine, and year by year presented her worthy husband with an additional pledge of her conjugal love. For ten long years Sanders toiled on with praiseworthy perseverance, and although in that time eight months had been added to his family, yet strange to say he had managed to keep the day and the way alike. We cannot say that he and his children were as well fed and clothed as were those around them; but we can say that a complaint was never heard from the lips of Sanders, or any of his family.—I have seen them often sit down with facts of cheerfulness to a meal composed of a few potatoes and salt. Let it not be supposed, however, that Sanders was satisfied with either himself or the circumstances in which he was bringing up, for the stage of action and business of life, a numerous family. He was not satisfied. His thirsting after mental improvement himself—his hopes of preparing his children by a suitable education, for the duties and responsibilities of life, yet crushed down in a hopeless state of poverty, how could he be satisfied?—doomed to incessant toil, without the means of procuring books or helps of any description. Many men of similar circumstances would have become discouraged, careless of intemperate, suffering the prediction of the neighbors to be fulfilled, by their families becoming a country charge. But it was not so with Sanders, he was not discouraged, nor faint-hearted, although his iron frame began to bend before he had reached his thirtieth year. About this age he seemed to return more within himself than ever, he did not become a gloomy misanthrope, or sullen recluse, he was still the kind and careful father—the obliging neighbor, but he loved more than ever to be alone, and it was evident, from the occasional gleaming of a fine expressive eye, that the communings of the inner man were of a lofty nature—big with high resolves.

Encouragement to Children.

Praise and approbation are the very best means of encouraging children to do well, and form the strongest incatives to good action.

A young lady of my acquaintance, who has charge of one of the departments in a boy's school in a neighboring city, states that a lady came to the school one morning with her son about twelve years of age, who had been suspended from every other school in that section of the city for truancy and bad conduct. The mother said to her, So is a very bad boy. His father and I have whipped him, and whipped him, but it does no good. You will be obliged to punish him he is so very bad.—The young lady, immediately after the mother left the school room, said to the boy, in a very kind and affectionate manner (she was a pleasant and cheerful young lady,) "Charles I wish you to go to Mr——'s, in ——street, and take a letter for me, and as it is a matter of importance to me I wish you to go and return as soon as you can without injury to yourself and bring me an answer."

The boy then, said the young lady, "raised his head (which up to that time had been dropped down,) and smiled. He took the letter, and judging from the time he was absent, and from his appearance when he returned, he must have run all the way there and back. I complimented him, said the young lady, "for his promptness, and expressed fears that he had injured himself in consequence of running so fast, and thanked him for his kindness in going for me, with all of which he seemed highly pleased. I then gave him a seat in the class, and occasionally, for several days, requested him to do errands for me, and, she concluded by saying, that "I never had a better boy in school than Charles was, during the eighteen months which he attended my school." This boy had, most probably, never received any encouragement to do well before."—[Cobb.

Reduction of Postage in France and Russia.

The French National Assembly has passed a bill for the reduction of postage on all inland letters to four sous or four cents—the new regulation to go into effect on the 1th of January next. The penny postage system has been established throughout the whole empire of Russia. In Great Britain this system works admirably and there can be no doubt that a reduction of postage, and a uniform rate, in the United States would not only greatly increase the correspondence passing through the post offices but would also increase the revenue of the department.

Slander Retracted.

The Washington Union, (at the eleventh hour and after the lie has done its work) admits that Gen Taylor never received any pay from the public treasury to which he was not entitled. We give the paper credit for this tardy, grudging and reluctant justice, the more readily because the correspondent referred to stated that the Union per sistently in its charge accusing Gen Taylor of receiving extravagant pay, by refusing to publish the official refutation of that slander.

THE ELECTION.

We publish below, the returns from such towns as have reached us from this State, and also such returns from Massachusetts as we received by the steamboats, yesterday. The Whig gains in Maine are highly creditable, but not sufficient to secure the electoral vote of the State for the honest old patriot Zachary Taylor. We wish it were otherwise, for Maine ought to be a Whig State, for her own good, but as the people otherwise determine, it is not in our power to change the result. Considering the large loco plurality for the locos in September, the Whigs deserve great credit for the efforts they have made. The result shows that Zachary Taylor is a favorite with the Whigs of Maine, and the vote of Bangor has nobly sustained the old hero, who so strongly and openly and early moved in favor of his nomination.

Here are the returns as they have reached us—

TO THE

Superintending School Committees

OF PENOBSCOT.

Towns in the County of Penobscot.

The Act additional to the Act to establish a System of Common Schools, approved March 7 1848, makes it the duty of the Superintending School Committee of each town to apportion the public money belonging to the town for the support of Common Schools among the districts entitled to receive the same, according to the number of children in each district between the ages of four and twenty one years, and to certify the same to the District Agent, on or before the first day of October annually. In compliance with the foregoing requirement I give notice that the Town Clerk's Books will be open at the Clerk's office in Bangor, on the second Monday of October, and on the first Monday of November, and on the second Monday of December next, for the purpose of receiving the returns of the School Committee of the several districts in said town, and that I will be in attendance at my office on the last Monday of each of said months, for the purpose of apportioning the money received from the State for the support of Common Schools among the districts entitled to receive the same.

WHOLESALE CLOTHING HOUSE!
WHITING & KEHOE,
40 and 42 ANN STREET—BOSTON
HAVING commenced several months since the manufacture of our FALL STOCK, we are now enabled to offer a complete assortment of
Well Made Articles,
which we feel no hesitation in saying are better adapted to the wants of the trade of the New England States than that of any other establishment, as our business is almost exclusively confined to the manufacture and sale of

CLOTHING
for that Market. We are fully determined to maintain the reputation which our house has so long enjoyed of having every garment
Well Cut and Made.
We are prepared to extend a liberal credit and terms to those traders who may call upon us, and we do not doubt that we can offer them sufficient inducement to give us a preference over other houses. We have this season manufactured
60 Cases of Blue and Fancy SATINETS into Tom and Jerries, Box Coats, Sacks, Pantaloons and Vests;
50 Bales of English Flushings into Roofing Jackets, Sacks, Over Coats, Pantaloons, &c.
50 Cases Fancy Tweeds into Coats of various styles and qualities.
50 Bales Blue and Fancy Pilots into extra heavy fine and superfine Overcoats.
200 Cases Blue, Black and Fancy Cloths, of fine and superfine qualities, into double stitched Surtouts, Sacks, Petitons, &c
20 Cases Buckskin Cassimere into Pants of various styles
60 Cases of Valencia Cashmere Fancy Woolen Lasting Vestings.
20 Cases Black and Fancy Satin Vestings,
With a general assortment of
BOY'S CLOTHING.
From our stock of *Flannel Shirts and Drawers, Overalls, Hickory Shirts, Green Jackets, &c.*, we can supply all orders. Having recently taken the Agency of Bennett's Troy Shirts, Bosoms and Collars, we can furnish any amount which may be wanted at short notice.

Farmers' Company.
Washington Co. Mutual Insurance Company, at Greenville, N. Y.
20,000 *Members—Over Two Millions Insured, and a large accumulated Cash Fund*
THE undersigned, having been duly appointed an Agent of the above Company, would respectfully call the attention of the public to the numerous advantages this Company have over all other organizations of the kind. They insure none but the select Lands of prosperous Owners. Farmers Company's and take no risks over $2,500. Their policies are made out for the full amount of damages, not exceeding the amount insured, without deduction, *one third* as is customary with some other Companies. They are prohibited by their By-Laws from insuring in Block, or exposed parts of villages or from taking risks upon the school of
Mills, Stores, or Factories,
that are considered hazardous; are responsible for the correctness of all surveys made by their Agents; agree to arbitrate all matters of difference in the county where the loss happens, and give the insured the privilege of withdrawing at any time by paying his proportion of the loss while his policy is in force. Every loss sustained by its members has been settled to the full satisfaction of the claimant, and paid before it was due; and the rapid increase of business is the strongest evidence to prove that the motives of the Directors in making this a Mutual Benefit, have been duly appreciated.
Any person desirous of being insured will find it for his interest to examine the principles of this office, and the plan upon which it is established.—Any information will be furnished at the office of Goss, Upham, & Co., No. 6 Broad Street

It will be seen by this law that divisions are allowed the term of two years to raise their quotas of volunteers at the expiration of which nothing to furnish the number of companies to which they are entitled, other divisions will be authorized to raise them on petitioning to the commander in chief It is hoped that the martial spirit of our citizens has not become entirely extinct by the long suspension of active military service but that their still exists in our State those military and patriotic impulses that will ensure a willing and prompt return to duty and a vigorous organization in each division of the militia of Maine Full the force allowed by law

Independent companies already organized are invited to join the volunteer corps of our State and whenever they indicate to this department their wish and determination to comply with the provisions of law they will be furnished with arms by the State

Our citizens generally are also invited to organize new companies with becoming promptitude, purpose for which must be forwarded to the office of the Adjutant General

The State has now on hand a variety of muskets and rifles and in a few weeks will be in possession of nearly one thousand percussion rifles of the latest and most approved model which will be subject to the order of companies first making application By the Commander in Chief

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted a surer to any sold in Crystal without wounding imprisoning sickening or debilitating the Patient

The great heavenly and unique virtues of this Sarsaparilla over all other medicines in world, for eradicating diseases it invigorates the body It is one of the very best

SPRING AND SUMMER MEDICINES

ever known It not only purifies & vivifies whole system and strengthens the person, but *creates new, pure and rich blood* a power possessed by or all or medicine And in this lies the grand secret of its wonderful success—It has performed within the last few years, more than 100,000 cases of severe cases of disease at least 50,000 were completely incurable It has saved the lives of more than 5 000 children during the two past seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or a excessive indulgence of the sensuous and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations premature decay and decline shattered constitutions, consumption &c, can be confidently recommended this invaluable remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renovates and invigorates the system, gives activity to the limbs and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumptive people cured Recent cases Consumption Liver Complaint Colds Coughs Night Sweats Spitting of Blood, Shortness of the Breath, Pain in the Side, Bowels, Difficult Respiration, Pain in the Side, &c. Diseases of the Blood

SETTING BLOOD

Albany April 28, 1847

Dr Townsend—Dear Sir—I wish to inform you that your Sarsaparilla has done more good in my family than all the medicine I have for several years had through it. In the worst and most inveterate cases of scrofula, it has performed wonders and was greatly delighted and relieved until she commenced to take it. She is now entirely restored to health, and is as fine a child as any in the city. I cannot say too much in favor of your Sarsaparilla, and there is a want of knowledge of its virtues, it would be more extensively used. Such a medicine is invaluable to mankind as a family medicine, and no family can be without it. You are welcome to use this certificate in any manner you please, but would prefer you would not publish my name. I am truly grateful for the cure it has effected in my family.

Yours with great respect,

WM RUSSELL, 65 Catherine st

RHEUMATISM

This is only one of more than one thousand cases of Rheumatism that have been cured by Sarsaparilla. The most severe and inveterate cases of weekly contracted humors every humors Bruises

James Cushing Esq, one of the assistants in the Lunatic Asylum Blackwells Island, says a great cure is effected by the following letter

Blackwell Island, Sept 14 1847

Dr Townsend—Dear Sir—Your advertised remedy for rheumatism the Sarsaparilla, has entirely relieved me of the most excruciating pain, many times rendering me sleepless and unable to work for a week at a time. I had the most distressing pain in my limbs, were entirely swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good I am so much better—indeed, I am not only relieved but entirely cured. It is my duty to you for the benefit of the afflicted Yours respectfully, JAMES CUMMINGS

SIPS' BITTERS

Dr Townsend not having tested his Sarsaparilla in cases of piles of course never set ourselves it, as it was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Kingsbridge, August 31 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Piles which defied almost every thing for her, but without success, at last although we could find no recommendation in your circulars for cases like hers we thought as she was covered with scabs with &c we did give her some of your Sarsaparilla, and we are very glad we did for it not only restored her strength, but she has had no return of the Piles, to our great pleasure and surprise She is fast recovering, ruddy and healthy, for which we feel grateful Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla as a sovereign and speedy cure for Leucorrhœa Constipation, Barrenness, Prolapsus Uteri or falling of the Womb, Female Weakness, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge of urine at night, general prostration of the system—no matter whether the result of inherent constitutional weakness, or induced by irregularity illness, or accident Nothing can be more surprising than its operation in the Female System Females all we have said is but a faint description of the sufferings of those subject to the diseases peculiar to the female sex, and we say unhesitatingly that no female who has used Dr Townsend's Sarsaparilla according to the directions will ever be without it. Those persons who have used it, and have found relief, are delighted. Ladies of every station should call at our office daily.

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in a completed condition to families, recommended theirs, although previously they did not. A number of these mixtures, Pills, &c, are in unison to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood Three persons cured in one house is unprecedented

THREE CHILDREN.

Dr Townsend. Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with head sores, have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster-st

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Essences, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

TESTIMONY OF ANOTHER PHYSICIAN

The following is an answer in reply to a note from me asking Dr Boston's opinion of this medicine

LUDLOW'S NECK Aug 29, 1848

Mr A Durham—Dear Sir—In reply to your note of yesterday, I would state, that I have occasionally found I could use to advantage the various "Patent Pills" sent to the shops, and while I am unwilling to say one word, which shall be in the nature of a puff, I feel bound to say that I consider Dr Wright's Indian Vegetable Pills *superior to all others* with which I am acquainted I have used them for many years, both in my own family and among patients generally and they have uniformly proved *mild, certain* and safe in their operations The care and skill with which these Pills have been kept from imitation, I deem, in my opinion, a sufficient guarantee for their good results in future

Very respectfully, R A Boston, M D

TO THE AFFLICTED.

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr D, has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M D He has been upwards of 40 years in practice The diseases of females will receive the Dr's particular attention He will tell all the diseases from an examination of the eye, this is an advantage that Dr D has above all other practitioners, and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient, of the disease with which they are afflicted The age and length of time the patient has been suffering, is all the Dr will require to give them a just thorough knowledge of their complaint and whether or not a cure can be effected

Dr D has been very successful in the treatment of Colds, Coughs, Consumptions and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism Fits, Dysentary all diseases of the Eye and Ear, diseases of the Blood Palpitation of the Heart, Gout, Salt Rheum, Cancers, cutaneous diseases and all affections of the kidneys and bladder, Tic doloreux, Hernia, Abdominal Weakness, Tooth ache, Intemperance, Stammering Dr D warrants a cure of any of the above diseases, if applied to in season

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 12 A M and from 2 to 9 P M A full and general assortment of medicines are kept constantly on hand Printed directions accompany each bottle or package.

All communications (post paid), with a fee enclosed will be strictly attended to

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels

—for—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y.

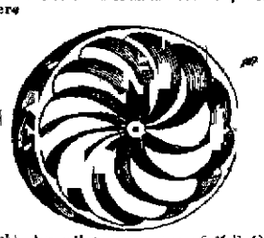
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and quantity of water applied, as possessing and combining *more Strength and Speed*, and giving a more *uniform* and *Steady Motion* in and out of the cut (and therefore not liable to break cranks,) and will also *gang longer* and *Saw more Lumber* under a low head than any other Wheel in use

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the "gulf stuff" to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Contrifugal Water Wheel.

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adopted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of the same kinds sold in use we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts now used

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by THOMAS A. BLARD Esq *Civil Engineer*—Lowell Mass who is well known as one of the most extensive and experienced practical Engineers in this country

"This wheel is formed with curved floats the number depending upon the size and cost of the Wheel each extending so far around the Wheel that when the water strikes at the jet the pressure is so far expended that it falls very nearly *inert from* the Wheel The Wheel is inclosed in a cylindrical wooden case or frame in which the water stands at its full head, the column being sustained by the stationary plate under the Wheel so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved, which in the ordinary mode of operation is wholly lost

"This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it perfectly the height of the head is from as fast as the back water But a Wheel with the jets slightly ganged for a high head will not answer for a low one and vice versa for as the head increases the width of the jets should be proportionally decreased so that the water may not issue to waste and not give its best effect to the Wheel

"In point of power the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless as it is liable to needy repairs, easily constructed which they are needed costs much less in the outlay is much more durable and takes very much less room in a mill or shop—Simplicity of structure durability of parts economy of application and excellence of power are the grand points of recommendation for this Wheel

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age*.

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or, Indigestion,

RHEUMATISM, Acute and Chronic,

GOUT, EPILEPSY, LUMBAGO,

DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

which complaints arise from one simple cause, namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease* for they weaken the vital energies of the already prostrated system; while under the strengthening, life giving, vitalizing influence of Galvanism as applied by this beautiful and wonderful discovery the exhausted patient and weakened sufferer is restored to former health, strength elasticity and vigor

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction

They strengthen the whole system equalize the circulation of the blood, promote the secretions and never do the slightest injury under any circumstances Since their introduction in the United States, only three years since more than

60,000 Persons

including all ages classes and conditions among which were a large number of ladies who are peculiarly subject to Nervous Complaints have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that loss of circulation DYSPEPSIA or any other Chronic or Nervous Disorder In ordinary cases, stimulants are taken which by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state and with injured faculties after the action thus excited has ceased Now compare this with the effect resulting from the application of the GALVANIC BELT Take a Dyspeptic sufferer, even in the worst symptoms of an attack and simply tie the Belt around the body using the Magnetic Fluid as directed In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a galvanic circulation which will pass on to the negative and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS

Certificates and Testimonials

From the most Respectable Sources,

EXTRAORDINARY CASE

and conclusive, proves that

"Truth is stranger than Fiction."

The following letter narrating one of the most remarkable events in the annals of Medical science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

SALEM, New Jersey July 12, 1848

DR A H CHRISTIE—Dear Sir You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND MAGNETIC FLUID My reply is as follows

For about *twenty years* I had been suffering from Dyspepsia Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever My physicians were skillful and excellent men, but here their prescriptions failed About *fourteen* years since in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism which for years after, caused me indescribable anguish In the severer paroxysms the skill of my physicians sometimes afforded me great relief, but this relief was only temporary Further in the winter of 45 and 46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors in which my soul has ever found the highest of her joys

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached before any hope could be indulged of my obtaining relief from these most distressing maladies In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System, every thing that I had tried for this purpose had completely failed At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficacy) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID This was in June, 1846 TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE SUFFERED A SINGLE RETURN OF EITHER DYSPEPSIA OR RHEUMATISM, AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract My Dyspepsia has *never returned*, the Rheumatism once in a while visits me, but not severely, and is easily arrested, and *manifestly being driven from* its hold upon my system, and my Bronchial affection *is entirely cured* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections They have tried them, WITH HAPPY RESULTS, I REMAIN YOURS TRULY,

I am, dear sir, very respectfully yours,

ROBERT W LANDIS.

☞ Many hundred Certificates from all parts of the country of equally extraordinary character could be given

☞ No trouble or inconvenience attends the use of *DR CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate with perfect ease and safety in many cases the sensation attending their use is *highly pleasurable and agreeable* They can be sent to any part of the country
